

Poultry drinker line and water quality products

Product name	Chemical name	Compositon (by %)	Manufacturer
Continuous use disinfectants for poultry drinking water			
Anthium dioxide®	Sodium chlorite - ClO ² precursor	7.50%	Lanxess
ChlorCide	Sodium chlorite - ClO ² precursor	7.50%	EnviroTech
AquaPrime® NeoKlor	Sodium chlorite - ClO ² precursor	7.50%	Neogen
Coresan	Sodium hypochlorite	12.50%	Neogen
Dyne-O-Might®	Iodine, Propionic acid, Phosphoric acid, Citric acid	0.42% iodine + acid blend	Neogen
Miox Rio Zuni™	Hypochlorous acid + mixed oxidant (generator)	0.5% (generated)	Assist
Perasan A	Peroxyacetic acid	5.6% PAA, 26.5% Peroxide	EnviroTech
Reliant tablets	hypochlorous/hypochlorite precursor (pH driven)	48.21% sodium dichloro-s-triazinetriene	Assist
Poultry drinking water line disinfectants/cleaners			
Perasan A	Peroxyacetic acid	5.6% PAA, 26.5% peroxide	EnviroTech
Peraside™	Peroxyacetic acid	5.6% PAA, 26.5% peroxide	Neogen
Reliant tablets	Sodium dichloro-s-triazinetriene (tablet)	48.21% solid dichlor	Assist
Siloxycide®	Hydrogen peroxide, Silver nitrate	50% Peroxide, 0.1% Silver nitrate	Neogen
FortiSolve™	Quat + Peroxide	6% Quat, 6.3% Peroxide	Sterilex
Poultry drinking water acidifiers*			
Apple cider vinegar	Acetic acid	Acetic acid + flavorings	various
AquapHier	Sodium Bisulfate	Dry mineral acid	Animal Science
AquaPrime® Activator	Hydrochloric acid, Sulfuric acid, Citric acid, Copper Sulfate	Mineral and organic acid blend	Neogen
AquaPrime® Trigger	Sulfuric Acid, Hydrochloric acid	Mineral acid blend	Neogen
Citra-Cid™	Citric acid, Sulfuric Acid	Mineral and organic acid blend	Paragon
Citric acid	Citric acid	Dry citric acid	various
Conversion Plus	Acetic acid, Lactic acid, Citric acid, Tannic acid, Propionic acid, Caprylic acid, Zinc, Manganese, Copper	Organic acid blend plus trace minerals	Paragon
Dyne-O-Might®	Iodine, Propionic acid, Phosphoric acid, citric acid	0.42% Iodine + acid blend	Neogen
FreshFlo 100®	Acidified calcium sulfate/sulfuric acid	Mineral Acid	Mionix
Kemsan®	Propionic acid	70.5% propionic acid	Kemin
MCA-Sol	Sulfuric acid, Hydrochloric acid, Copper, Potassium, Manganese, Cobalt	Mineral acid blend plus trace minerals	Paragon
Mega-Vin	Anhydrous Acetic acid/Sodium diacetate	Dry acetic acid	Paragon
Optimizer®	Lactic acid, Acetic acid, Propionic acid, Caprylic acid, Copper, Zinc and Flavoring	Organic acid blend plus trace minerals	Paragon
Performax®	Acetic acid, Citric acid, Tannic acid, Lactic acid, Copper, Zinc	Organic acid blend plus trace minerals	Paragon
Proxor™	Sulfuric acid-based	Mineral acid	Zoetis
PWT®	Sodium bisulfate	Dry mineral acid	Jones-Hamilton
Ultra-Vin94®	Anhydrous acetic acid/sodium diacetate	Dry organic acid	Paragon
Vin-A-Max	Sodium diacetate/Anhydrous acetic acid, tannic acid	Dry organic acid blend	Paragon
Vinegar	Acetic acid (from fermentation)	Acetic acid	various

*The precise composition of acid-based products is generally not disclosed unless it's an EPA-registered product, as the composition of these products is often proprietary. To obtain more information on the composition, strength, or ability to shift water pH of acid-based products, please contact your MWI Animal Health Territory Manager.
